Reports:

Head Start Director Reports and Policy Council Meeting Minutes were uploaded for Board review-no discussion.

Administrator Report:

- Update on facility projects including replacing sliding doors into the ESU side of HATC. WNCC is assisting in the process of replacing the doors.
 Dr. West is continuing to explore a different building location for ESU 13 in Sidney.
- Discussion regarding updating our Planetarium system took place.
 Patricia Jones said she would explore Stellarium which is an on line resource.
- ESU 13 continues to be proactive in searching for a location for the pilot project, Panhandle Beginnings. This location, if large enough, could also be a relocation for our Meridian program and Head Start classrooms. Our member districts are supportive of ESU expanding our services including behavioral health. The Board agrees that this process should move forward. A preliminary diagram of required space will be drawn up as the first step.
- The five goals of the strategic planning team were again presented to the Board members for review.
 - ➤ Goal #1: ESU 13 will develop and implement comprehensive supports to identify, acquire, enhance and combine resources (financial, staffing, etc.) available to best serve our schools and communities.
 - Goal #2: ESU 13 will serve as a unifying force to connect schools, students, and families with appropriate level services in the areas of mental and behavioral health.
 - ➤ Goal #3: ESU 13 will continue to grow as leaders in best practices in education and legal issues that impact education.
 - Goal #4: ESU 13 will develop a model to support school districts with the implementation of a multi-tiered system of support to meet the unique needs of students of all ages within the member school districts.
 - ➤ Goal #5: ESU 13 will be well known and understood by internal and external stakeholders.
